Re: Warranty Extension: 2015-2016 Fit Fuel Injector

Today, February 18, 2022, American Honda is announcing a warranty extension for certain 2015-2016 Fit vehicles. This warranty extension covers fuel injectors to address concerns of internal wear inside one or more injectors. American Honda is extending the warranty coverage of the fuel injectors to 10 years from the original date of purchase or 150,000 miles, whichever comes first.

BACKGROUND

Certain fuel injectors may not have been installed to proper specifications. An incorrectly installed fuel injector may lead to increased wear inside the injectors. This could result in reduced flow in the injectors and cause a misfire, air/fuel ratio imbalance, catalyst deterioration misdetection and/or fuel metering, resulting in MIL On.

REPAIR

Replacement of the fuel injectors, if determined after following the diagnostic steps in the service bulletin.

PARTS

Parts are available through normal parts ordering system.

TOOLS
