

# Honda Connect (HondaLink) Apps Download

Check on "unknown sources" box under the apps menu in Android settings.

Open this page in your Honda connect head unit, download and enjoy! :)

You have to delete previous download before new app download, because they have to be same name.

**Not responsible for any damage of your head unit. Use it for your own risk!**

- [Google Chrome](#)
- [Google Maps](#)
- [Waze](#)
- [Spotify](#)
- [Trigger](#)
- [Honda Permissions](#) - Allow using third party app while driving (by S\_Mike)
